

## Deal # 1:

NEW to AFSC!

### Lash Lift & Tint \$99.95

Lash lift is like a perm for your eyelashes. Unlike a lash extension, a lash lift simply alters the shape and color of your natural lashes. ... The treatment involves boosting and lifting each individual lash, before tinting them for thicker, darker, longer looking lashes. Results last 6 to 8 weeks. Add a brow wax & tint for \$35.00.
